4th Phuket International Soccer 7s Tournament, 25 and 26 November 2006

The one and only Phuket International Soccer 7s will celebrate its 4th anniversary this year.

This tournament has developed into one of the largest 7s tournament in Asia and we expect that the response will be such that we will again need to run two tournaments. With categories for both Open and Vets there is something for everyone. What are you waiting for? Come and experience for yourself, the excitement and buzz of the most popular and memorable event on the soccer social calendar.

You can register your team now! Our tournaments have an entry fee of US\$450 (10 players) or US\$500 (12 players). The entry fee will cover tournament expenses (fields, referees, water on pitches, tournament program & shirt, trophies, captains briefing with drinks, welcome and awards parties, etc). We would require a 50% deposit that will be the only way to confirm your participation in the competition (payment details will be provided soon). You will need to advise which category: Open or Masters (over 35s, including 3 players between 30 & 35) and also a short resume from your team with picture and logo that will be showed in the official tournament programme and website.

Some Tournament Informations: The tournament shall be played in accordance to FIFA Laws of the game except where there shall be No offside, Rolling substitution, Field 70m x 45m, Full size goals, 7 a side, 7 min halves, 12 players registered maximum, Teams will play a minimum of 4-5 games (depend the number of teams).

Accommodation: We will have an official tournament hotel for each tournament with preferential room rates and conditions where we would encourage all teams to stay, but of course this is your choice. Captains briefing, Press Conference and Awards party are usually arranged at the official tournament hotel. A "Soccer 7s Hospitality Desk" will be located in the lobby to inform you all details about the tournament.
