

SOCCER 7S ON THE ISLAND

Fair play has always been a core value in the world of sport. Generosity, leadership by example, and a healthy attitude towards competition is an essential part of the World Football Association's mission. This attitude has been carried on here in Thailand ever since the Phuket International Soccer 7s were established three years ago.

On Nov 19-20 and 25-27, this assembly is organizing a new tournament with the support of the Asian Seven-a-Side Football Federation and the TAT. The Phuket International Soccer 7s Tournament is an invitation event that provides a socially competitive environment for players who approach the game with the right attitude and in the right spirit. This competition attracts teams from all over the world and is to become a major attraction in Asia for expatriate soccer players. Teams do not only come from Asian coun-

tries, but also from Australia, New Zealand, and Europe.

This year, the tournament has received more expressions of interest than it has places for teams, with about 50 having already registered their participation, representing 15 countries worldwide. More than 120 games are scheduled to be played over 5 days at the Sanam Chai sporting venue. For football spectators and players alike, this is a great chance to enjoy the game and explore what Thailand's largest island has to offer.
